Bridget Simmons Memorial Scholarship

Leilani Pavel and Norman Robinson were honored as this year's recipients of the Bridget Simmons Memorial Scholarships, which were established by her family to honor the incredible example that Bridget set for her children, family and the entire Muckleshoot Community by achieving her Bachelor of Arts Degree from Evergreen State College in 2011, shortly before passing over in April of the following year.

Bridget's goal in life was to become a Special Education teacher. She loved seeing all children of the Muckleshoot Community thrive in education, sports, and especially in participating in powwows. Fishing with family and friends on the local lakes, rivers and at Tribal fishing derbies was something she enjoyed. Bridget followed the powwow trail and was able to witness all three of her children and her mother honored by serving as Muckleshoot Skopabsh Royalty.

Rachel Givens Memorial Athletic Scholarship

The Rachel Givens Memorial Athletic Scholarship was created by Muckleshoot Tribal School and is given to a female athlete who shows leadership qualities and athletic abilities. These special young women have shown they can mirror Rachel Givens's passion and dedication for her team.

This year's scholarship was given to Hailey Starr, who played soccer for MTS. The Givens family was proud to have Rachel's uncle Daniel present her award. Congratulation Hailey, and good luck on your future educational goals!

About Rachel: Rachel Givens (1990-2013) truly was a gifted athlete who brought her passion for basketball and soccer to her work as a coach and as a teacher. At Auburn Riverside High School, Rachel learned a great deal about dedication, determination and domination as she played a major role in winning back-to-back State Basketball Championships in 2007 and 2008.

In Soccer at Riverside, Rachel was selected as the Most Valuable Player of the South Puget Sound League 3A, and was voted two straight years (2007 and 2008) by the Seattle Times as the Number One High School Goalkeeper in the State of Washington.

In Education, very few teachers in American Indian Communities truly achieve greatness by possessing all of the skills of excellence that are necessary to be a great Native teacher. Only the very elite teachers like Rachel Givens achieve this kind of greatness.

Here are a few of the students who have participated regularly with the Native Ed Program, and what their next steps and goals are. We are so excited for these phenomenal students and their futures – but it is ever so hard knowing that they won't be back with us in the fall. Each and every one of them are going to be missed! Ms. Mizuki, Ms. Broussard and Ms. Pratt wish them all the BEST as they take their next steps in life as young adults.
