Muckleshoot Celebrates Earth Day

Submitted by Wayne Wiltse

Tribal Members & Staff Join Together in Reservation-Wide Cleanup & Beautification

The Muckleshoot Indian Tribe held its Earth Day Celebration on Friday April 20, 2018. The celebration included cleanup/beautification projects around the reservation.

Friday’s activities began bright and early at Sla-Hal Shed. Participants registered with Earth Day staff followed by an opening prayer by Darlene Sam, followed by remarks by Tribal Councilmember Jaison Elkins and a briefing on the day’s agenda by Planning Department Staff.

Staff handed out T-Shirts, plants, buckets, and reusable BPA-free water bottles. The Clean-Up Project Sites included the Wildlife Access Road, the Muckleshoot Shaker Church area/392nd Street, the Stuck River Access Road, Smoke Shop and the KingGeorge Property. Participants picked up litter from each site until lunch was served.

After everyone had their fill

of a delicious BBQ lunch at Sla-Hall Shed, participants had their choice to continue cleaning-up down at the river or sign up for beautification planting.

For the beautification, participants planted flower gardens, fruit trees and various native/indigenous plant species. The

beautification worksites included Pow Wow Grounds, the Davis Subdivision, Cedar Village, Skopabsh, 172nd Signage, Tribal College, and the roundabout near the Elders Complex.

Special thanks go out to the Public Works Staff, Planning Department Staff, Transporta-

tion Division, Muckleshoot Health & Wellness Center, Events Staff, Planning Subcommittee, Planning Commission, Muckleshoot Tribal Council and everyone who participated in the Earth Day festivities. Your Cooperation and participation made this event possible!

Congress rejects Trump budget cuts, increases funding for Indian programs

WASHINGTON, DC – More than a year ago, President Donald Trump proposed sweeping cuts to Indian programs, including \$303 million in cuts to the BIA and \$251 million to IHS.

In the end, however, Congress didn’t see things his way. The federal spending bill approved by Congress recently includes \$3.1 billion for the BIA – a \$204 million increase – and \$5.5 billion for IHS, a \$498 million increase from earlier levels.

The bill will provides boosts a 78% increase in Bureau of Indian Education funding and a 212% increase in BIA public safety facilities. It also includes additional funds to help tribes fight opioid abuse and address behavioral health challenges, including a 6% increase for mental health services and a 4% increase for alcohol and substance abuse programs for IHS.

Increases were also approved for Indian Education programs at both the Department of Interior and the Department of Education. The spending bill specifically expresses support for Native language preservation and revitalization efforts and provides \$2 million for capacity building grants to BIA- and tribally-operated schools to expand existing language immersion programs or create new ones.

“This bill represents real progress for Indian Country, significantly increasing our investments in Native health care, infrastructure, economies and communities,” said Sen. Tom Udall (D-New Mexico), the vice chairman of the Senate Committee on Indian Affairs.. “It rejects the president’s dangerous proposed budget cuts and instead provides funding increases that will lead to healthier communities and better outcomes across Indian Country.”

Indian Education a Winner in 2018 Legislature

Gov. Jay Inslee shakes hands with Councilmember Louie Ungaro after signing Senate Bill 6210, relating tribal school employee participation in the State retirement system.

OLYMPIA – This year’s session of the Washington State Legislature was one of the busiest and, in some ways, the most productive in years, and included a ban on farming Atlantic salmon in Washington’s coastal waters and passage of a bill authorizing a study or Missing Native American Women.

The Muckleshoot Tribe, as always, played an active role in advocating for its interests on many fronts, including gaming; transportation; children, youth and family services; health care and substance abuse; and education, among others. Education was a

bright spot for tribes this year, with several important bills being signed into law, including:

HB 6210, Tribal Teacher/School Employees Pensions, sponsored by Rep. Sharon Tomiko Santos, D-Seattle, and Sen. Steve Conway, D-Tacoma, the bill relates to state-tribal education compacts and the ability of tribal schools to participate in the teachers' retirement system and/or the school employees' retirement system..

The Tribe has been working hard on this issue for several years, and passage of this bill is a major step forward, because tribal schools have been at a disadvantage in attracting teachers due to their inability to participate in the state pension plans that cover public school teachers.

HB 2034, Teacher Preparation Programs, sponsored by Rep. John Lovick D-Mill Creek and Sen. John McCoy, D-Tulalip, requires all state educator preparation programs to use the "Since Time Immemorial" curriculum to improve the understanding of students and educators about the past contributions of Indian nations to the state and the contemporary and ongoing tribal and state government relations.

Muckleshoot and other tribes worked hard to get this accurate and localized curriculum into the public schools, and this is a big step toward ensuring that teachers understand it and use it.

SB 6474, Tribal Compact School Pilot Project, also sponsored by Sen. McCoy, a Tulalip tribal member, creates a pilot project for tribal compact schools to explore and implement options in adjusting school attendance and calendar requirements for the purpose of accommodating cultural events and replacing graduation testing requirements with culturally relevant and community based standards.

WALKING ON...

Dr. James P. Fugate

Jim Fugate died peacefully in his home on April 11, 2018 in Auburn, Washington at the age of 85. He was surrounded by family.

Jim was born on January 2, 1933 in the Ozarks of Missouri to Bryan and Edna Fugate. He met the love of his life, Billy, at Wenatchee High School in 1951; they were married in July of 1953. Jim proudly served in Germany for the United States Army from 1956-58 during the Cold War. After his service in the military, Jim and Billy moved to Ellensburg, WA where Jim began his work in public education.

He received his Doctorate in Moscow, Idaho. He then worked as superintendent in the Dalles, Oregon; Chehalis, Washington; and Auburn, Washington where he served as superintendent of schools for 24 years.

"Jim was Superintendent when I was hired many years ago as Auburn's first Indian Education Coordinator," Tribal Chairman Virginia Cross recalls. "We were having a hard time getting our kids to attend school in those days. Jim had a special place in his heart for the Muckleshoot Tribe and was very sympathetic. He supported me fully in my efforts to develop the Indian Ed Program and was instrumental in its success. Our tribal students have come a long, long way since then, and Jim deserves to be remembered for the strong supportive role he played during those formative years."

Jim was an active member of the Auburn community: he was on the Sterling Savings Bank board for 40 years, the Auburn Hospital Board for 20+ years, owned a local racquetball club, and was a 50-year member of the Rotary Club. As a sports enthusiast, Jim loved spending his spare time watching the Huskies, attending local Auburn athletic games, playing racquetball and basketball, and golfing near his retirement home in Sun City West, AZ. He was a loving, honest, and passionate man who ultimately just enjoyed spending time with his family and friends.

Jim is survived by his wife Billy Fugate; sister Betty Landers; children Jennifer and Cary Davidson, Suzanne and Jeff Feris, Cynthia and Scott Crowder, Mindy and James Diebag; grandchildren Marie and Steve Quist, Hilary and Ross Wood, Natalie and Chris Hunter, AJ and Nuchsajee Davidson, Abigail Crowder, Bryan Diebag, Austin Crowder, Andrew Diebag; and great-grandchildren Landon Wood, River Quist, Emma "Gracie" Wood, and Daniel Hunter.

The family had a private burial at Mountain View Cemetery. A public memorial was held on Saturday, April 21 at the Auburn High School Commons. In lieu of flowers, please send donations to Auburn Public Schools Foundation at 915 4th Street NE Auburn, WA 98002. The family would like to thank Wesley Health and Home Care at Lea Hill and their caregivers and hospice staff for their efforts, kindness, care, and dedication.

**Dorothy Marie Parker**

Neah Bay, Washington
Jan 4, 1930 - Apr 8, 2018

Dorothy Marie Parker was a long-time resident of Neah Bay, Washington. She was born January 4th, 1930 in Tacoma, Washington.

Shortly after living in Tacoma, Neah Bay store owner Wilbur Washburn asked Dorothy's father Bob to work at the store in Neah Bay as Post Master. Her parents Bob and Rilla and older sister Marge moved to Neah Bay and lived in a house on the street behind the first Washburn's store.

When she was in upper elementary through the first part of high school, her family moved to Los Angeles, California. Dorothy did a 'work school program' - she went to school part time, did the rest of her school work at home, and worked a part-time job. The family moved back to Seattle during her high school years, and she continued the same program for awhile, then found a better option through another school called The American School, a home school correspondence program where she completed her education.

Dorothy began work at an early age as her high school system allowed her to work while attending school. Her first job was as a ticket agent for a motion picture company in Hollywood, California - some of the perks to this position allowed her to view movie premiers as well as get autographs from various actors and actresses - she was star struck. An avid movie fan, she continued her love for the big screen throughout the years, never missing the academy awards.

A short while later, the family moved back to Seattle, Washington where she then worked as a United States Army clerk at Fort Lawton. During these years and into her early 20's she saved the money she made and traveled extensively, working several months, then traveling. Bitten by the 'travel bug', Dorothy, though quiet and shy, was determined to see the world by train, bus, ship and plane.

In her younger years she had already traveled from the tip of Washington state to California. Later, she traveled to the East Coast to see the sights there in the Big Apple, a.k.a. New York City, and Boston; she also traveled to Anchorage, Alaska; the island of Oahu, Hawaii; London England; Paris, France; and Florence and Rome, Italy.

Dorothy traveled the globe alone, compelled by wanderlust. Her favorite place though, was Neah Bay, where the love of her life lived. At age 24, she married and returned to Neah Bay where she worked at the Post Office. Her most important jobs however, was her new station in life as a housewife, and finally, quitting her paycheck job to become a full time mother of which no job or salary can compare.

Dorothy married Makah Tribal member Henry (Bud) Thomas Parker September 21st, 1955. She had two children, Michael and Maria, but was tragically widowed December 31st, 1961 when Bud died in a car accident. She moved to Port Angeles with her mother for a few years and later moved back to Tacoma for another two years. On December 16th, 1966 Dorothy married Makah Tribal member and older brother to her first husband, Eugene (Gene) Oliver Parker. They combined families with Gene's sons Dean, Neil, Gene, Donald and Thomas. In 1970 Gene and Dorothy had their son Justin.

Dorothy died April 8th, 2018 at Harborview Medical Center in Seattle, Washington due to multiple complications (respiratory, mild heart attack, pulmonary edema). She was 88 years old and died peacefully with family near, and with gentle, expert medical care from the Harborview staff.

She was preceded in death by her parents Robert and Arilda (Rilla) Ashmun, sister Margaret (Marge) Ashmun Jordan Guerrero, her husband Bud and husband Gene, son and daughter-in-law Neil and Starre Parker, son Donald Parker, grandsons Jerald and JJ Parker.

Dorothy is survived by sons Dean and daughter-in-law Fran, Gene, Mike, Thomas and daughter-in-law Laurel, Justin and daughter-in-law Tracy; daughter Maria and son-in-law Andrew Pascua; she had numerous grandchildren, great-grandchildren, nephews and nieces.

A funeral service was held on April 16th, 2018 at the Neah Bay Assembly of God Church, followed by interment in the Neah Bay Cemetery. We were blessed to have this sweet lady in our lives, but heaven is now her home.

**Mark Patrick James**

Mark Patrick James, 63 of Auburn, died April 3, 2018 in Seattle, WA. He was born March 13, 1955 in Tacoma, WA to Russell and Yvonne James.

Mark was a commercial and sports fisherman, and a hunter and gatherer. He was a tribal activist who fought for treaty rights, elder abuse and Violence Against Women's Act, water rights, natural resources, and the preservation and revitalization of the Muckleshoot language.

Mark was a member of the Muckleshoot Tribal Council, Fish Commissioner, and Wildlife Conservation Officer. He enjoyed classic cars and working on hot rods. He was also a big Seahawks fan.

Mark was preceded in death by his parents, Russell and Yvonne, and sister, Sheila James.

He is survived by his spouse, Wendy Burdette of Auburn; son Douglas Marquard of Auburn; nephew Leon Brown; sisters Lisa (Donnie) James, Connie (Melvin) Daniels, Bonnie (Pete) Jerry, and Melissa (Tony) James, all of Auburn. He is also survived by six grandchildren: Lavina, Taneesha, Marcus, Kirah, Mazzy and Gea; and one great-granddaughter, Ma'Leah.

A funeral service was held April 6, 2018 at the Muckleshoot Pentecostal Church, followed by burial at Enumclaw Evergreen Memorial Park. Services were directed by Weeks' Funeral Home in Buckley. Please sign the online guest book at www.weeksfuneralhomes.com

**Jewel Maurice Baker**

Jewel Maurice Baker, 46, known affectionately as Juli-Buli, wants you to know that her purpose is done here and she is moving on to be with her Elders. She died March 20, 2018. Jewel was born November 13 (Friday), 1971, in Auburn, WA to Robert Sam Baker Sr. and Treva Anita Maurice.

She enjoyed going to the casino and playing bingo, listening to Mexican music, as well as "old school jams," and watching soaps.

Jewel liked to make faces and enjoyed Mexican food. Whenever she had the chance, Jewel would ride to the mountains to get spring water. She talked of how proud she was of her children, and through social media, stayed in contact with family and friends. Jewel enjoyed the company of her grandchildren. She was a positive influence on the people around her and had a generous heart. Jewel had a life-loving spirit and she will be missed. She will hurt no more.

She is survived by sons, Jose Rodriquez of Auburn, WA, Liberto Martinez (Nicole) of Auburn, WA, and Alfa Mendoza of Mission, TX; daughter, Marielena Rodriquez of Alton, TX; brothers Robert Baker Jr. of Auburn, WA, and Kevin Lobehan of Auburn, WA; sister Theresa Baker (Keith) of Auburn, WA; and 10 grandchildren. She also has several cousins she calls her sisters and brothers. Jewel was preceded in death by her mother and father.

A funeral service was held on March 27, 2018 at the Muckleshoot Shaker Church with Dennis Anderson Sr., Sandy Hedrick and Carl Moses Sr. officiating. Jewel was laid to rest at the New White Lake Cemetery following the service. All are invited to sign the guest book at www.weeksfuneralhomes.com

**LaMetta M. Smith LaClair**

LaMetta M. Smith LaClair passed over at Tacoma General Hospital with her children and family members by her side on April 6, 2018.

She was born January 5, 1948, in Skokomish, at home, and was a life-long resident of Skokomish. She graduated from Shelton and went on to get her Bachelor of Arts degree at Evergreen State College. She worked at Keyport and Bangor Naval Shipyard for the greater part of her life and later moved home to Skokomish and became a teacher at Hood Canal School.

LaMetta loved to travel to all events, canoe journeys, powwows, stick games, and watching her children and grand-children playing sports. She put on a youth basketball tourney. She was a T-ball coach along with her husband. Her favorite pass-time was playing at the casino. It was her therapy.

LaMetta is survived by her children, Dale Redhawk LaClair, Patrick LaClair, Troy Beedle, Shawndra Fryberg, Jean Henry and Angel KingGeorge; Brothers Richard and Jim Smith; Sisters; Annette Smith, Ginger Farron and numerous grandchildren and great-grandchildren.

Preceding in death was her loving husband, Patrick Ahmoose Ahmoose LaClair and her mother and father Jean and John Smith.

A funeral service was held on April 12 at the Skokomish Community Center, followed by burial at the Skokomish Y Cemetery. She was loved by many and will be greatly missed.

Muckleshoot Gold Cup Indian Relay Races Scheduled for June 8 thru 10

EMERALD DOWNS – Mark your calendars because the Muckleshoot Gold Cup Indian Relay Championships are just around the corner! Twenty-one of the top teams in Indian Country will converge on Emerald Downs to vie for the coveted trophy this year.

The action starts on Friday evening, June 8 under the lights, when the first three heats (7 teams in each one) will take place during 7-race card. The first regular race will be at 6:30 PM. Three more heats will take place on Saturday, when racing begins at 2:00 PM.

The climax comes on Sunday, when the championship will be determined, with the winners being awarded the prestigious Muckleshoot Gold Cup. There will also be two consolation races. Bring the whole family and come out to witness this spectacular three-day event!

Vashon Clam Digging Open & Oyster Permits Available

The Muckleshoot Fisheries Division is pleased to announce that the Tribe's Vashon Island tidelands are OPEN for Clam Digging and Oyster Harvest Permits are now available at the Fisheries Office.

Fisheries staff routinely samples the clams and oysters at the tidelands and analysis by the Washington State Department of Health has shown that the level of the toxin that causes paralytic shellfish poisoning – also known as red tide – is within acceptable limits, allowing harvest of all bivalve species at the beach. Check the Fisheries hotline (**1-800-FISH-NOW**) to get the latest update.

To harvest oysters, Tribal members – 18 years or older – must first obtain an Oyster Harvest Permit from the Fisheries Office in the Philip Starr Building. Each permit allows the subsistence harvest of 60 oysters on three separate occasions – no commercial harvest is allowed.

After using the Oyster Permit for three days of harvest, the permit holder must return it to the Fisheries office for another permit to be issued – **so please make sure to return all old Oyster Permits even if you didn't harvest any oysters.** This allows MIT Fisheries to monitor and keep an up-to-date inventory of the oyster resource at the tidelands.

For individuals who cannot walk the 1/4-mile trail down to the Tribe's beach, special oyster requests from Tribal Elders and disabled Tribal members can be made at the Fisheries office.

The natural populations of butter clams, little-neck steamers, cockles, and horse clams at the tidelands are in good condition, see the accompanying harvest information or contact Andy Dalton (253-876-3131) about harvesting opportunities. Please remember to always check the hotline (**1-800-FISH-NOW**) in the morning before going clam digging.

Things You Should Know About Clam Digging

1. Beware: You can get sick from clams harvested at Adelaide Beach, Alki Beach, Redondo, Lincoln Park, Salt Water State Park and all other beaches between Seattle and Tacoma. They are all potentially polluted and are closed by the Department of Health.

2. Tribal members can dig clams at the Tribe's property on Vashon Island. There are lots of butter clams and some steamers, horse clams and cockles at the beach. Directions are provided at the end of this list.

3. Fisheries staff will be routinely testing the clams at the Vashon beach for "red tide" to insure the clams are safe to eat. Always check on the Fish Hotline (1-800-FISH-NOW) for results to see if the Vashon tidelands are open.

4. Use a small clam shovel (not a fork or garden shovel). The Vashon tidelands are rocky and digging clams is more difficult than at sandy beaches. A clam shovel works best.

5. Arriving by Boat. If you want to go to the property by personal boat, the Fisheries Division will provide you with a chart to locate the tidelands and a good place to anchor or beach your boat.

6. For driving directions on Navigation Apps use: 13060 Vashon Highway SW, Vashon Island, WA.

7. The driveway at the property has a locked gate so call the Fisheries Division: 253-876-3131 to get the combination to the locked gate and updated red tide results.

8. Check the ferry schedule that is printed here with the tide charts. There is a fee for the ferry from either West Seattle (Fauntleroy) or Pt Defiance (Tacoma) to Vashon Island.

9. Fisheries staff will also be organizing clam-digging trips to Vashon Island for tribal members who would like to visit the property for a half-day outing, call Andy at the Fisheries Division, if you may be interested.

10. There are various shellfish enhancement projects going on at the Tribe's tidelands. Do not harvest any of the shellfish in areas marked with RED stakes

11. Tribal members, 18 years and older, can get an Oyster Harvest Permit from the Fisheries office. Permits are not issued at the beach.

MEMORIAL DAY DINNER SCHEDULED FOR MAY 28 4:00 PM at Muckleshoot Tribal School

The Memorial Day Dinner is held annually to honor those from Muckleshoot that made the supreme sacrifice during war. Muckleshoot's fallen warriors include the following:

MELVIN ROSS. The first Muckleshoot to be killed in action during World War II was Melvin Ross. He was killed on May 31, 1944 in Italy.

CHESTER "CHET" COURVILLE. The second Muckleshoot to be killed in action during World War II was Chester "Chet" Courville (Melvin's first cousin), who was killed a week later on D-Day, June 6, 1944, during a combat jump into Normandy with the 82nd Airborne Division.

TURNER MARTIN. The last Muckleshoot to be killed in action during World War II was Turner Martin, in Germany on March 24, 1945. Turner was the grandson of Chief Philip Starr.

LARRY P. JAMES. In the Korean War, Philip Starr lost another grandson, Larry P. James, who was killed in action on September 24, 1950. Larry served with the 5th Regiment of the 1st Cavalry Division.

Included in the honoring are all Muckleshoot Tribal Community veterans who served, but are now passed on, numbering about 70 at last count.

THIS IS A FREE COMMUNITY EVENT. PLEASE BRING FAMILY AND LOVED ONES.

Tribal Development Overcoming Obstacles to Reach Success

Tribal Development hosted the first LEAD Event of the year on Friday, March 23rd. Guest speaker and facilitator, Gabrielle Scrimshaw worked with participants, designated trainers, and managers for the first half of the morning. The goal of the day was to help individuals visualize their success and break down their barriers. The second part of the day was a trip to Laser Quest for practical application in games, which contained different obstacles.

Gabrielle is an indigenous woman from Hatched Lake First Nation in Canada and is a graduate from Stanford University. She is a Gleitsman Fellow at the Center for Public Leadership at Harvard University. She co-founded the Aboriginal Professional Association of Canada, a non-profit organization to help indigenous people gain professional development.

In her keynote, she talked about the obstacles she had to overcome to get there, the insecurities she experienced, and the many setbacks she had before reaching her goals. Her workshop followed with the audience going through a visualization exercise and using a goal worksheet to explore their one year, three year, and five year

goals. She had participants explore what they need to begin in order to reach their goals, but also what behaviors to stop doing to be more successful. Overall, it was a great morning session.

During the afternoon, participants were invited to play laser tag. During downtime, participants were provided a white bandana to decorate their vision of success from the morning session. The first games were set up with a different obstacle to overcome and beat the other team, such as shortened down time or laser sensors turned off.

Then participants were divided into four random teams to battle each other for first place. To win the game, teams had to capture the opponent's flag while also protecting their own flag in their towers. During the debrief, the group discussed how their frustrations were obstacles, strategizing and communication were important, and teamwork was required for them to overcome and conquer other teams. It was a great LEAD Event and we look forward to many more to come!

Safety Program Update: Steven Haggerty

“Did You Know?” Car Seat Facts:

Did you know that car seats have expiration dates? Please, for your child’s safety, check the bottom of your car seat for the expiration date. If your car seat has expired, dispose of it immediately and buy a new one. If you do not have the funds for a new car seat, please email Tiffany Leeper: Tiffanee.Leeper@muckleshoot.nsn.us to set for a replacement or call her @ (253) 285-4036. Please present your tribal ID and Tiffany will set you up with a car seat consultation / installation before sending you on your way.

Why do car seats have expirations? Here are the top reasons why: 1. Materials break down over time; 2. Replacement parts are no longer available; and 3. Technology advances.

If you do not feel comfortable disposing of your car seat on your own, you can bring it to the Muckleshoot Transportation Division Headquarters located at 40320 Auburn-Enumclaw Rd., Auburn, WA 98092 for proper disposal and/or donation for educational use purposes.

Transit Program Update: Manager Phillip James

In the first quarter of 2018 we provided rides for 5,667 people, completed 2,309 trips, drove a total of 33,702 miles. In addition, according to our Ride Systems Tracker we have been on time 94% of the time and the latest surveys report that 93% of our ridership is satisfied with the transit services. Last but not least we have launched the pilot program for our on demand services; this program has proven to be very valuable to the Muckleshoot Community with several daily trips being booked for medical appointments, education, entertainment and personal needs.

MIT-DOT RECEIVES \$800,000 FEDERAL GRANT

U.S. Department of Transportation Announces \$264 Million in Grants to Modernize and Improve America’s Bus Infrastructure Nationwide

WASHINGTON – The U.S. Department of Transportation’s Federal Transit Administration (FTA) today announced approximately \$264 million in project selections to improve the safety and reliability of America’s bus systems and enhance mobility for transit riders across the country. A total of 139 projects in 52 states and territories will receive funding from FTA’s Buses and Bus Facilities Infrastructure Investment Program.

“Every day, working families across America rely on buses, and these grants will ensure that these vital services continue to be both safe and efficient,” said U.S. Transportation Secretary Elaine L. Chao.

The grants will fund projects to replace, rehabilitate, and purchase buses and related equipment as well as projects to purchase, rehabilitate and construct bus-related facilities, such as buildings for bus storage and maintenance.

“FTA is proud to help bring new and rehabilitated buses, facilities, and equipment to communities across the country,” said FTA Acting Administrator K. Jane Williams. “This marks a step forward in improving mobility for the millions of Americans who travel by bus to work, school, healthcare, and other services.”

Among the projects selected to receive funding: (Please note the tribe will match the grant funding 20% for an overall grant amount of 1 million dollars).

Fleet Program Update: Manager Charles Williams

The fleet program has completed the final upgrades to the fleet shop at Miles. At this time the fleet team is working on relocating office space to this location. We will soon be servicing all tribal vehicle requests at our new facility, complete with a waiting room and loaner vehicles.

In addition, our fleet team has been working diligently to update our fleet. In the last four months the program has purchased 32 brand-new vehicles to update our fleet, started a new rental service and a gas card sharing program.

New MIT-DOT Employees:

Please welcome the new employees to the Dept of Transportation team!

Transit Program Manager: Phillip James

Hello, my name is Phillip James. I am a Muckleshoot tribal member. Youngest son to Stanley and Pamela James, my grandparents were William Percy James and Shirley Allen. I moved here from the Puyallup Reservation in 2002. I started at the casino in 2012 in food and beverage at the Island Deli where I soon after transferred into the Engineering Department and made my way to the Dual Rate Chief Engineer for five years; I was also the Crew Supervisor at the Adult Work Training program. I received my degree from Wyoming Technical College with a major in Automotive Technology. I am honored to be given the opportunity to help and work alongside our wonderful Transportation Department as the Transit Manager. I look forward to meeting you all and if you have any questions, or concerns please email me: Phillip.James@muckleshoot.nsn.us

New Transit Driver

Hello! My name is Cory Eaglespeaker; I’m from the Blackfeet reservation in Montana. I moved to Washington State in the Year of 2000. I’ve been an employee of the Muckleshoot Tribe since 2006. I spent twelve years at the Muckleshoot Casino. I currently accepted a full time position with the Muckleshoot Department of Transportation as a Transit driver. I would like to thank the Muckleshoot Transportation Department for the opportunity; I strive to serve the Muckleshoot Community. Thank you.

Tribal Traffic Safety Program Coordinator: Steven Haggerty

First and foremost, I want to thank the Muckleshoot Indian Tribe for this great opportunity. I started working at the age of 12 on my neighbor’s farm. I bucked hay bales and changed sprinkler lines. For that, I am grateful because it showed me the value of a hard earned dollar, taught me the importance of setting goals and planted the drive for achievement.

At the age of 16, I started working in gaming and during my employment there, I maintained a management status for over a decade. I believe in work ethic and I have always been that employee who will arrive 15 minutes early and stays late if needed. I moved from the Yakama Reservation to the Muckleshoot Reservation and began working at the Muckleshoot Bingo Hall.

From the Muckleshoot bingo hall, I switched to Muckleshoot Indian Tribe as an employee with Muckleshoot Housing Authority. I loved being able to experience the different trades of this job but because it was a temporary position, I was focused on a more permanent position. I applied for a tribal transit driver position and was fortunate enough to be able to accept a job offer.

My experience this past year was enjoyable as I got to build on relationships with tribal members and the community as well as fulfill a great need in our community. By accepting a position as a Tribal Traffic Safety Coordinator, I will be able to continue my 6+ years of employment with the tribe and utilize my lifelong skills to implement a safe present and future for our elders and children.

Fleet Administrator

Hello, my name is Janice Hannigan and I am a 36 year-old Muckleshoot Tribal enrolled member. My mother is Lisa (Angel) Sneatlum and father is Martin Hannigan, Jr. I am Granddaughter to Shirley and Charlie Sneatlum and Linda and Martin Hannigan, Sr. My significant other of four years is Luke Moses.

I have two children - Jarret Hannigan and Chayton Hannigan. We also have two Siberian Husky dogs named Titan and Onyx.

I was born and raised here in Auburn, Washington and have attended Chinook Elementary, Olympic Middle School and Auburn High. I later on received my GED from the Muckleshoot Tribal College. I have worked for the Muckleshoot Indian Tribe for a number of years in several different positions. I was a stay-at-home mom for my boys until 2004 when my dad left his job to stay with the boys.

I started out at the Muckleshoot Bingo hall as an admissions clerk in my younger years and then went to the casino as a Players Club Attendant after a year I was promoted to Players Club Supervisor. I had spent most of my time in the Tribal Council Department as a Secretary for nearly eight years. When I left there I had went back to the bingo hall for about a year and worked in the gift shop. I had then left there and worked at the Resource Center for almost two years as the Emergency Assistance contact until I received the opportunity to work for the Transportation Dept as the Fleet Administrator.

I was raised rich in culture and teachings from my parents and grandparents. I have always traveled to many other tribes to attend different cultural events. Another thing I enjoy is concerts. I have attended many, many shows in the last 15 years which includes trips to Oregon, California, Las Vegas and Albuquerque. I have met a good amount of artists at the meet and greets and also just the pure luck of being in the right place at the right time. I enjoy traveling and hope to expand my list of places I have been as I’d love to see the world. Among other things, I enjoy spending any time I can with my boys, bringing my pups to the dog park, watching movies, playing bingo, going to the casino and spending time with family.

To close, I’d just like to say something about the transition between the Casino/Gaming position I had and Administrative work was when I applied I had no administrative experience whatsoever, but I had a good reference and she told the boss I would be a great asset, and to this day it was one of the most rewarding jobs I have had because it opened up a possibility of endless opportunities for me. It just goes to show if you are willing to learn and show up to work every day that you can end up anywhere in life. Chase your dreams and never give up on your goals!

Transportation Executive Administrator

Hello, my name is Tiffanee Leeper. I am a descendant of the Muckleshoot Tribe. I moved to Auburn to live with my father, Steven Yanish. I graduated from Auburn High School. During high school I worked the powwows and stick games for the tribe. Once I graduated, I started working for the Tribe full time.

I have been working with Muckleshoot for the last five years. I am very thankful for the opportunities the Tribe has given me. I am now the new Executive Administrator here at the Muckleshoot Transportation Division. I’m grateful and super excited to be a part of the transportation department!

Amy Yates, MIT Scholarship Dept. Student of the Quarter

Hi! I'm Amy Yates, from Tacoma. My mother was Mathilda (Hoptowit) Cole – she went by Cookie – and my father is Bill Cole. I actually graduated High School in 1995 and tried to go to college later, but I had a young child and I needed a full-time job, so I put my college dreams aside until she was grown.

A few years ago, I was thinking of going back to school again, and I found out that women are vastly under-represented in the IT world, and I actually like computers and fixing things. I enrolled at Clover Park Technical College in 2015 and graduated with an Associate's Degree in 2017! I am now one of the first few people in my family to graduate college!

I am now enrolled in the Bachelors program at Green River College in Auburn, set to graduate with my Bachelor's Degree in December 2018.

Nina Heddrick, MOST Program Student of the Quarter

The M.O.S.T. Program is proud to announce Nina Heddrick as Student of the Quarter. Since her enrollment into our program she has been a diligent and a hardworking student. Nina has just completed the Intermediate Course. She has demonstrated an advanced knowledge of computer literacy in every aspect of the class. In addition to her advanced understanding of the material, Nina has been a constant delight to have in the class. Ms. Heddrick went above and beyond the scope of the class and personified the image of the ideal student. We thank her for her commitment to the Muckleshoot Occupational Skills Training Program.

Tory Moses, ABE/GED/HS21+/Continuing Education Student of the Quarter

GED/HS21+ Learning Center's "Student of the Quarter Winter 2018" is Tory Moses. Tory has been working on her GED both on her own and with the AWTP Program. It is her dedication to the end goal that has us impressed. She has also stepped up as a mentor and leader of the students around her, encouraging them to study and to work hard. Students like Tory, with her persistence and great work ethic, are an inspiration to us all. We at the Muckleshoot Tribal College thank Tory for her dedication to the GED Program and wish her success in this and all future endeavors

Adult Basic Education Classes at Muckleshoot Tribal College

What is Adult Basic Education? Adult Basic Education, also known as "transitional studies," is a bridge for GED/high school graduates who are not fully prepared for college and also for adults who are re-entering the education system after a long period.

Adult Basic Education provides adults with basic necessities to successfully transition to higher education. ABE includes, but is not limited to: career exploration, reading/writing skills, time management, and other essential skills that are necessary for success in college. Here at the Muckleshoot Tribal College, we offer Adult Basic Education classes at no charge.

Classes are run on an on-going basis. Please contact Amy Maharaj 253.876.3256 or Cary Hutchinson 253.876.3375 with any questions or information about upcoming classes.

 Discusses the theories of business process improvement such as lean, quality, and decision making. The presentation of real-world examples and cases where the theories have been applied will be discussed.
- Module 5 Business Process Improvement II: Analysis Tools and Methods**
 Presents data collection and different analysis tools such as spreadsheet modeling, data analysis, and data mining. The lessons learned from this module will be applied to the process improvement project.
- Module 6 Project Cost and Risk Management**
 Focuses on the cost of process improvement projects and the management of project risk. Decision making based on spreadsheet analysis will be demonstrated. These topics inform and improve managerial decision making about projects.
- Module 7 Project Review and Control**
 Demonstrates assessment of project success and process control. Topics may include analytical tools and statistical process control methods to ensure that processes achieve expected levels of quality, cost, and time.
- Module 8 Capstone: Business Project, Presentation and Stakeholder Communication**
 The culminating business process improvement projects will be presented to project stakeholders from participants' organizations. The project is an opportunity to practice communicating project insights and recommendations.

Participants propose real world projects and engage their own businesses.

Tribal School Earth Day 2018

The sun was out to help us celebrate another amazing Tribal School Earth Day this year. There were smiles and helping hands everywhere. Activities included Nettle pesto making, seed bombs, language lessons, carving/sanding canoe paddles, cooking and eating salmon on the fire pit, scat identification, planting trees, planting vegetables and flowers and cake walk. Thank you to all the volunteers and departments that came out and spent the day teaching and enjoying the day with us. We look forward to making it even bigger and better in the years to follow.

ATTEND TODAY, ACHIEVE TOMORROW

GOOD SCHOOL ATTENDANCE MEANS...

ELEMENTARY STUDENTS
read well by the end of third grade

MIDDLE SCHOOLERS
pass important courses

HIGH SCHOOLERS
stay on track for graduation

COLLEGE STUDENTS
earn their degrees

WORKERS
succeed in their jobs

Too many absences—excused or unexcused—can keep students from succeeding in school and in life. How many are too many? 10% of the school year—that's 18 missed days or 2 days a month—can knock students off track.

A big "Thank You" to Ms. Leslie LaFontaine and Ms. Heather Druffel

By Leeland and Lacey Williams

We would just like to give a big Thank You to Ms Leslie LaFontaine and Ms Heather Druffel for taking on the task of having the Field Forest Study class at the Muckleshoot Tribal School. Our son Cameron S Williams has attended this class when it started last school year, and was excited when he was told he could attend it this school year.

He has learned a lot while taking this class. A few of the things he learned in the class is which plants are traditionally used for medicine and food. They got to make some of the medicines in class, along with hand soap, bug spray, and traditional teas, all from the plants that they collected during class. They also learned how to measure trees for lumber, how to find how much a tree is worth if they were to sell it and how to estimate how many trees are in a certain location. They also learned how they can get a trees age while it is still growing.

We hope that this class continues so more students can have an opportunity to attend this class. The things that Cameron has learned is awesome. He shares with us and the rest of the family what he learns in this class. We wish that we the time to go to more Friday classes with Cameron because we always learn something new when we go with him.

Afterschool Is Cool!

Currently, our 21st Century Afterschool Program services about 70 students 1st- 8th grade. Our program goal is to promote student success by implementing engagement through: small groups, technology, hands-on activities, school curriculum alignment, community service, out-of-the-classroom experiences, professional development for staff, best practice approaches, academically enriched learning opportunities, student voice, and community involvement.

In addition, our afterschool has been working on creating a partnership with the school teach-

ers to help increase homework involvement, academic success, and behavior improvement all within a safe and friendly learning environment! During MAPs testing (Winter 2018), many of our afterschool students made great academic gains.

I raise my hands to those who have honored their commitment to stay afterschool for the benefit of our Muckleshoot students, and to those who have worked behind the scenes to make our program a successful one! You are greatly appreciated, admired, and respected!

PENTECOSTAL NEWS

Here's an update on activities at the Pentecostal Church, as seen in the pictures:

Joe Mwaniki invited a preacher from Kenya to speak at a morning service. Several ministers came with Joe to hear the brother speak.

Easter weekend was busy. Shirley got baptized by Pastor Kenny and Robbie.

Arron Garcia received his minister's license. He wore a suit to the Pentecostal morning service for prayer and good words. In the evening he changed his garment to a bear spirit robe Pendleton vest graciously made by Rosette Cross.

Lynda Prince, the president of First nations of North American organization, greeted and instructed conference participants during an evening session.

Klamath tribal chairman, Don Gentry's mother, prayed for individuals and blessed everyone in a group prayer.

Making a Porch or Garden Fountain DIY

By U R Israel, M.A. Ed

Spring and summer are wonderful seasons to relax on your porch or in your garden. What can be better to add to the fragrances of flowers and activities of birds and family than the lovely sound of water.

Think it is too hard or expensive? Not really. Here are some simple tips and real pictures of actual fountains at MIT all for \$100.00 or less.

First, if you are totally not a DIY person then watch the ads before June (especially around Mother's Day AND Memorial Day) for sales on waterfalls that are totally put together. Here is a picture of a fountain at an MIT elder's garden that was purchased on sale for under \$100.00 at a local store like Fred Meyers, Coastal in Auburn, etc.

Just enhance these fountains with flowers and plants around them.

Next...If you are a DIY person start simple: Get a pump from the local Hardware store. Just be sure it is for outdoors. These usually Cost about \$45.00. Then ask for help getting the tubing to connect to the "Spitter" of your choice. My favorite is a frog because he costs less than \$20.00.

KEEP IT SAFE AND MAKE IT SHALLOW AND WITH A BARRIER AROUND IT SO NO CHILD OR TODDLER FALLS IN. EVEN A FEW INCHES OF WATER IN THE GROUND CAN BE A HAZZARD FOR LITTLE ONES.

Next find a container for him to spit into that is wide (about 12" at least) and at least 2 1/2" deep. I look for metal ones because

they do not break when grandchildren get inquisitive or careless. If you are really creative and determined dig a pit and line it with the pond liner also found at the Hardware stores (but usually cost about \$60.00 at least).

Remember when you measure the pit to account for the sides when you lay the pond liner down. Secure the pond liner with rocks, stones etc. around the top asides. Here is a picture of just such a pond at MIT. Fill and plug in the foggy (also there are dolphins, ducks etc. for "pond spitters" available at local hardware stores.

BIG POINT OF SAFETY. Make sure there is a GFCI (Ground Fault Circuit Interrupt) system at the plug in place. Most homes at MIT if not all have these. If not call Housing and they will install one. This means that if there should ever be a short or dangerous electrical system the electricity will automatically stop.

Here is a wonderful example of a fountain at Monti Lozier that she built herself over two summers. Notice that it is raised so little ones do not fall in accidentally too. This was a major project and you will have to visit Monti to learn how she did it and see the many upgrades she has added since the picture was taken!!

Enjoy your fountain. Don't be surprised to find kitties, doggies, and birds enjoying it too!

"A BIG HELLO" to all,

Hope 2018 is treating each of you well I found a little pearl of wisdom that was sent to me from a friend in Canada that I wanted to share because there is such great truth in it. So here it is and I hope it touches you as it has touched me. I suggest you read it again and again and let the wisdom of it fall deep into your heart. Blessing to each of you and prayer's sent your way. In the Spirit of

Love,

Always, Effie

What Counts

*It isn't the things you talk about
No matter how fine and true,
It isn't the way you seem to live
Nor even the things you do;
It isn't the creed you call your own
Nor the mottos on the wall;
The only thing that really counts
Is what's in your heart—that's all*

*It isn't the many friends you make
It's only the friends you keep;
It isn't the you that people see
It's the real you, way down deep.
It isn't what people say you are,
Just let them talk as they please.
It's what you know you are inside
What counts is what God sees.*

YOUTH PARTICIPATE IN 5-WEEK SNOWBOARDING COURSE

Family and Youth Services are proud to present our program participants in this year's snowboarding trip. These young individuals participated in a five-week snowboarding course that was run by SOS (Snowboard Outreach Society) which is a non-profit designed to get youth engaged in outdoor activities.

During this program, they were taught the fundamentals of snowboarding as well as guiding principles to the program. The guiding principles were:

- Courage
- Discipline
- Integrity
- Wisdom
- Compassion
- Humility

Each week, students defined what the guiding principle meant to them and discussed not only how they used it on the mountain, but also how they use it in their daily life. In addition to these lessons, each youth got up at 5:30 am to make the trip out to the mountain and were chaperoned by LaNasha Lee, Roger Brown, Sam Obrovac, Sabrina de la Fuente, CDP, and Devin Whiteaker, CDP.

Huge congrats to these awesome youth!!! You rocked it on the mountain and it was exciting to see you excel at this winter sport. Hope to see you next year and looking to see you bring what you learned to share with new participants!!

MUCKLESHOOT CELEBRATES EARTH DAY!

PHOTOS FROM THE MIT PLANNING DIVISION

Walter Pacheco is guest speaker at Seattle's Rainier DAR Chapter

In addition to being MIT's Community Services Director, Walter Pacheco is also the longtime President of the Salmon Homecoming Alliance, which puts on a gala celebration at the Seattle waterfront in September each year.

On April 10, at the invitation of Joyce Loftus, chair of the American Indians Committee of the Seattle Daughters of the American Revolution (DAR), he was the guest speaker at the monthly luncheon at their Capitol Hill chapter house.

Walter's unscripted remarks ranged from salmon health to treaty rights, to history, culture and canoes. There were many questions afterwards, and then he and Dalena finished with a song gifted from the late Chief Frank Nelson, accompanying themselves with rattles carved by Tyson Simmons. The ladies in attendance all felt that his presentation was one of the best ever.

DAR members are descendants of those who fought in the American Revolution. They've been supporting American Indian causes since 1938 and are major donors in support of students at Chemawa Indian School. They also award scholarships, and MTS student Hailey Starr was a recipient.

\$45,000 Housing Assistance Program – Increased to \$90,000 per Tribal Member

The Tribe's commitment to providing housing opportunities to its members is once again exemplified with recent policy changes to the \$45,000 Grant Program. Tribal Council recently approved that the \$45,000 Grant Program be increased to \$90,000 per Tribal member. These funds can be used for home ownership activities including down payment, mortgage reduction, home improvements, self-help and safe housing repairs. In addition, the Tribal Housing Ordinance has been updated to allow Muckleshoot enrolled couples to each utilize their \$90,000 grant towards eligible program services for a total Grant of \$180,000. \$20,000 of each member's assistance shall be reserved exclusively for safe housing repairs.

ELIGIBILITY:

Muckleshoot Tribal Enrollment: Applicant must be a Muckleshoot Tribal member at least eighteen (18) years of age and enrolled in the Muckleshoot Indian Tribe for a minimum of five (5) years or be enrolled in the Muckleshoot Indian Tribe and have resided within the Muckleshoot Reservation their entire life.

Proof of Ownership: Applicants must provide proof of ownership for the assisted property and utilize the home as their primary residence.

Proof of Insurance: Applicants must provide proof that the assisted property is covered by an insurance policy or sign a Homeowners Insurance Acknowledgment.

Release of Information: Applicants must sign a Release of Information to allow the Muckleshoot Housing Authority to obtain and verify information relative to eligibility for assistance.

Residency/Payback Agreement: Applicants, including any additional parties with ownership of the assisted property, must sign a Residency Payback Agreement agreeing to payback terms and refinance restrictions during a five (5) year payback period.

Please contact our office with any questions or for further assistance with applying for this program.

An Indian Child) NOTICE OF FACT FINDING HEARING AS TO MOTHER

YOU AND EACH OF YOU will please take notice that a FACT FINDING Hearing regarding the above-mentioned youth has been scheduled for **TUESDAY the 26th day of June, 2018, AT 11:30AM** in the Muckleshoot Tribal Court of Justice located at 39015 172nd Avenue SE, Auburn, WA 98092.

The purpose of this hearing is to: 1) Hear testimony on the facts of the case; 2) to determine whether or not there is CLEAR AND CONVINCING EVIDENCE that the youths are YOUTH IN NEED OF CARE, and in need of Tribal Court supervision as wards of this court; 3) whether out-of-home placement of the youth is necessary and 4) any other action necessary for the youth's best interest; 5) whether filings were timely and appropriate.

You may pick up a copy of MCFS Case Manager's Court Report from the court clerk's office three working days prior to the hearing. Pursuant to Section 12.A.03.070; Title 12, a Petition for Fact-finding must be filed within fifteen days of the Preliminary Inquiry and sent to all parties. The Parties shall be notified of the hearing at least (10) days prior to the hearing. The Fact-Finding hearing must be conducted within 40 days after the Petition for Fact-Finding is filed or the conclusion of the Preliminary Inquiry, whichever comes last, pursuant to Section 12.A.03.080, Title 12 of the Youth Codes.

The parents, guardian and custodian of the youth are each entitled to have someone represent them at the hearing at their own expense-meaning that they will be solely responsible for any fees charged by the person.

If a party fails to appear the Court may, in his or her absence, take legal custody of the child, make the child a ward of the Court, and take any other action that is authorized by law.

If you have any questions regarding the nature of this hearing or the location of the court, please call the Court Clerk at 253-876-3203.

Free Legal Services for Low Income Native Americans and Alaska Natives

Are you facing an issue in school? Do you need help with your attendance or performance in school? We can help!

The **Native American Unit** at **Northwest Justice Project** provides free civil (non-criminal) legal services to eligible Native American / Alaska Native students and their families in Washington. Cina Littlebird of the Native American Unit is available to provide advice and representation to Native American youth and their families in civil legal matters that can impact the student's attendance or performance in school.

Cina can work with you on (among other things):

- **Education matters** including:
 - o Expulsion, suspension, & truancy
 - o Discriminatory discipline
 - o Special education & learning disabilities
 - o Parents' rights
 - o Other situations impacting a student's ability to participate in school
- **Emancipation** (students seeking to be legally independent of their parents)
- **Foster & homeless student issues**
- **Health matters** including denial of health care services or assistance in obtaining mental health services
- **Housing problems** such as evictions, discrimination, or deposit issues
- **Public benefits matters** including applying for, denial of, or reduction of public benefits

To find out if Cina or the Native American Unit can help you, contact Cina at cina.littlebird@nwjustice.org or (206) 464-1519 ext. 0919.

What is Northwest Justice Project?

The Northwest Justice Project (NJP) is a statewide non-profit organization with 13 offices in Washington State that provides free civil legal services to low-income people. NJP's mission is to secure justice through high quality legal advocacy that promotes the long-term well-being of low-income individuals, families, and communities.

Do you need assistance with your child care expenses?

Are you?
➢ Employed
➢ Enrolled in educational courses
➢ In job training
➢ Or participating in job search activities

Is your child(ren)?
➢ 12 years of age or younger
➢ Enrolled in a federally recognized tribe or a descendant (parent must be enrolled) of a federally recognized tribe

Child care is based upon your family size and monthly income that is at or below 85% of King County's median income (100% for Muckleshoot Tribal Members). You may qualify, if your family's monthly income falls below the following income range:

Family Size:	85% Median Monthly Income	100% Median Monthly Income (MIT Members Only)

Free Legal Services for Native American Victims of Domestic Violence and Other Crimes

Northwest Justice Project's Coordinated Legal Education Assistance and Referral program (CLEAR) has new services available for Native American crime victims through the **CLEAR-CV-Native American Program**. An NJP attorney is available to provide advice, brief services and referrals in civil (non-criminal) legal matters stemming from the client's experience as a crime victim.

Examples of legal problems include:

- **Family Law** matters such as divorce, custody and protection orders involving domestic violence or sexual assault, especially when the case is in tribal court or the client believes it should be in tribal court; or when tribal court orders are not enforced.
- **Health** matters including denial of health care services or assistance in obtaining mental health services to deal with victimization
- **Housing** problems such as evictions or needing to break a lease due to a crime in the home
- **Economic security** issues such as medical bills, utility access and other consumer problems caused by an assault, abuse, or fraud.
- **Other** legal problems resulting from being a victim of crime

If you are a Native American crime victim seeking legal assistance, ask a tribal service provider or a staff member of an organization that serves Native Americans for a referral. Social services staff or tribal advocates refer clients to the CLEAR-CV-Native American program by sending a referral form.

GET READY FOR HEAVY RAINS AND FLOODING

Watch weather forecasts for the potential of heavy rains or rainfall build-up over multiple days. These guidelines can help you get prepared before the waters rise.

Personal Preparedness

<input type="checkbox"/> Use the Take Winter By Storm Checklist to prepare an emergency kit, including a radio, flashlight, extra batteries, a first-aid kit, emergency contact information, water, and non-perishable food. You can find a detailed list at TakeWinterByStorm.org .	<input type="checkbox"/> Keep rain gear, water repellent clothing and extra warm clothing handy at home, work and in your vehicle to use in an emergency.
---	---

Drainage/Landslides

<input type="checkbox"/> Rake leaves and debris away from storm drains to keep them clear to avoid flooding streets and damage to personal property.	<input type="checkbox"/> Watch the patterns of storm water drainage on slopes near your home, and note the places where runoff water converges.
<input type="checkbox"/> Report flooding drains and streets as soon as possible.	<input type="checkbox"/> Grade property so water drains away from the foundation and downspouts direct water and from property into the storm drainage system.
<input type="checkbox"/> Double-check your homeowner's policy to see if you are covered for storm water damage in your home -- if not, add this coverage to your insurance.	<input type="checkbox"/> Watch the hills around your home for any signs of land movement, such as small landslides, debris flows or progressively tilting trees. Contact your local geotechnical or structural engineer to determine the severity of the problem.

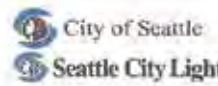

Flooding

<input type="checkbox"/> Keep valuables on high shelves when storing materials in basements or in areas that are prone to floods.	<input type="checkbox"/> If your natural gas furnace shuts down because of flooding, shut off the electric supply to the furnace until the water recedes and ducts are dry.
<input type="checkbox"/> Stay out of flooding basements. You could be electrocuted or drown.	<input type="checkbox"/> If you smell a natural gas odor or suspect a leak, leave your home or building immediately and call your natural gas utility or 911.
<input type="checkbox"/> Never drive into standing water or around road-closure signs.	<input type="checkbox"/> Notify your natural gas utility if flooding causes water levels to cover your gas meter. A representative from the utility will need to check the meter and regulator before any gas appliance can be used.
<input type="checkbox"/> If your vehicle stalls in water, abandon it and get to higher ground. It takes only a foot or two of rapidly-moving water to sweep away a car.	<input type="checkbox"/> If you have to evacuate your home or building as the result of a flood, shut off your gas and electricity, only if you can do so safely. This may prevent damage to your gas and electric appliances.
<input type="checkbox"/> If you live near rivers that historically flood, be prepared for river flooding. Have an emergency kit ready to grab and go in case of evacuation.	<input type="checkbox"/> Call your natural gas utility to schedule a service-check for your natural gas appliances after they have dried out and the area around the affected appliances has been cleaned.
<input type="checkbox"/> Be safe. If a flood warning is issued, get to higher ground immediately! Follow evacuation and other official directions during flood emergencies, but don't wait for them if you think you are in danger.	
<input type="checkbox"/> Walking or playing around flood waters is dangerous; you can be knocked from your feet in water only six inches deep!	
<input type="checkbox"/> Homeowners, renters and businesses should purchase flood insurance.	

When heavy rains strike, first ensure your own safety. Then check in with family, friends, and neighbors to make sure they are OK.

(253) 876-2975

To: All Muckleshoot Tribal Families in King and Pierce Counties

RE: MIT Water, Sewer & Garbage Assistance Program

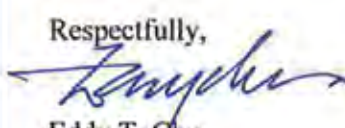

As we begin 2018 the Public Works staff would like to take this opportunity thank all of the Tribal members that have submitted their utility invoices in a timely manner and **remind everyone how important it is to submit your invoices timely to insure your water, sewer & garbage bill is processed in time to avoid unnecessary late fees and shut off notices.**

1. Please make sure you bring in your monthly water, sewer & garbage invoices to the Public Works office on 400th Street as soon as you received them in the mail. You may also choose to email or fax them to our office:

Email to both: tara.sheldon@muckleshoot.nsn.us; Phone: 253-876-3054
loretta.moses@muckleshoot.nsn.us; Phone: 253-876-3071

Fax: 253-876-3026
Deliver: 39620 SE 176th Lane, Auburn (by the water tower off 400th Street)
2. Due to the Finance department's check run deadline, please submit your utility bills to our office no later than **Tuesday at noon** in order for your payment to be issued on the following Friday.
3. Another option is to pay your water, sewer & garbage bills and request reimbursement from Public Works later. In such case, please make sure you bring in the bill along with the proof of payment to the Public Works office so we can process the reimbursement.

We appreciate your attention in this important matter and your cooperation is greatly appreciated. If you have any question, please feel free to contact any one of us in the office at the numbers above.

Respectfully,

Eddy T. Chu

MUCKLESHOOT MESSENGER. So far, all the response to using the name of Muckleshoot's original newspaper has been positive. The late Mark James commented that he had fond memories of delivering the old Muckleshoot Messenger throughout the reservation as a kid and getting paid two cents each.

OOPS! In our last edition, a photo of the late Wally Jackson's cousin that looked a lot like him was inadvertently placed in a birthday notice, and Alyssa Baker (see above) was captioned as the daughter of Shellee Baker instead of Alex Jr.
