Muckleshoot Celebrates Another Record Year for Education During the Graduation Season of 2019

By Joseph Martin
Muckleshoot Tribal Education Officer

MUCKLESHOOT – We all gathered together on the evening of Friday, June 7, 2019 in the Muckleshoot Tribal School Gymnasium to celebrate an all-time record number of high school graduates (42) during the course of the 2018-2019 academic year.

Since we opened our beautiful Muckleshoot Tribal School campus nearly ten years ago, our total number of high school graduates is 214. To put this in perspective, the nine year period from 2001-2009, a total of 32 students graduated at the old tribal school.

This means that the old tribal school averaged 3.5 high school graduates each year for the nine years (2001-2009) before our Muckleshoot Tribal School moved to its new campus in September 2009.

The graduation of 42 more high school seniors for the 2018-2019 academic year continues our yearly trend of increasing the number of students graduating from our Muckleshoot Tribal School. In fact, for the past ten years (June 2010 through June 2019), MTS is now averaging 21 high school graduates per year.

This was an amazing year for our Muckleshoot Tribal School graduates and we are all extremely proud of their incredible accomplishments. I want to recognize our 2019 Muckleshoot Tribal School high school graduates and highlight some of their future plans:

We all want to celebrate the wonderful accomplishments of our Tribal Members who are achieving college degrees from numerous high level programs across the country.

We also achieved excellent numbers of graduates from our Muckleshoot Department of Education programs. If you combine the total number of graduates from Head Start through higher education, it would look like this:

- Muckleshoot Early Learning Academy (Head Start) – 49;
- Tribal School kindergarten – 48;
- 5th grade – 42;
- 8th grade – 36;
- High school – 42;

Higher Education:

- College degrees – 15;
- Post-secondary certificates – 64;
- High School 21 plus diplomas – 6;
- GEDs – 5.

The 2019 Muckleshoot Tribal graduation season resulted in another all-time record number with a total of 327 graduates (which is a 27 graduate increase from the 2018 total number of 300).

I want to take this opportunity to salute all of our proud 2019 Muckleshoot graduates and all of our families. I am extremely proud of all the dedication and hard work that our students, families and staff members contributed to making the educational experiences of our students so successful.

We are looking forward to every one of our Muckleshoot graduates taking advantage of our Muckleshoot Scholarship Program, achieving their college degree or higher education certificates, and being hired for positions of leadership here at the Muckleshoot Tribe, or in our greater community.

I want to thank each and every person who contributed their time and hard work to make this 2018-2019 academic year and graduation season so successful. We all have witnessed and participated in another historic graduation season for the Muckleshoot Indian Tribe.

Let us also give thanks to the many tribal elders and tribal leaders whose dreams and hard work have made the Muckleshoot Indian Tribe's vision of "education as a lifelong journey" possible.

In addition to gaining real-world experience, the participants completed training to take the exam for the Certified Associate in Project Management (CAPM) designation by the Project Management Institute.

A Thank You from Madrienne White

On June 12th at the Alaska Airlines Hec Ed Pavilion, I received my Executive Masters in Public Administration degree. I graduated from the Evans School of Public Policy and Governance at the University of Washington. My son Duke was able to walk with me, which was extremely gratifying, mostly because he went to class with me the whole time he was in my belly.

I'd like to thank my family and friends for their incredible support, patience, and love they showed me during the program. Especially my husband Colby, he encouraged me along the way and cared for our son and household during months of class, study groups, reading and writing sessions, etc. You're my rock, hunny!

Colby and Madrienne White with son, Duke

Birth to Three Celebration

On June 27th, 2019 both MCDL and MELA Birth to Three programs came together to celebrate the end of the school year. There were balloon artists, snow cones, face painting, and many more activities for the little ones and their families to participate in; making it a great success for being the first year a celebration was held at MELA for the program.

Between the two classrooms, 33 students will be moving on to Head Start or other preschool programs in the fall. The Birth to Three Program is growing rapidly and we can't wait to see what next year has in store for our program!
